ACCUSES BRYAN OF INJUSTICE

Henry L. Wilson Makes Public Letter of Resignation.

SPECIAL TROOP TRAIN WRECKED

Twenty Soldiers Killed and Five Score Injured.

ENGINE TENDER JUMPS TRACK

Accident Occurs on Trestle and Tender, Baggage Car and Three Coaches Plunge Twenty-five Feet to the Ground—Cars All Well Filled and Victims Have Little Chance to Escape.

Meridian, Miss., Oct. 20.—Twenty soldiers of the Thirty-ninth and Seventeenth coast artillery were killed and about one hundred others injured when a special troop train on the Mobile and Ohio railroad crashed through a trestle near State Line, Miss.

Division Superintendent Pegeford of the Mobile and Ohio, in a report sent to headquarters of the road at Mobile, gives this number as the extent of the casualties.

The wreck was caused by the engine tender jumping the track when about 200 feet from a trestle. The engine was not derailed and passed over the trestle.

The tender broke loose from the engine, however, and with the baggage car and three coaches plunged twenty-five feet to the ground.

Sixteen bodies have been taken from the wreckage and Superintendent Pegeford said he was sure four more bodies were in the debris.

One hundred and seventy-nine soldiers were on the special train. They were from Fort Morgan and Fort Barrancas and were on their way to Meridian to participate in the Mississippi-Alabama fair.

As meager news of the wreck reached Meridian a special relief train bearing physicians and nurses left for the scene. Other trains left from Mobile and Whistler, Ala.

The coaches were well filled and when the three cars plunged through the trestle the men had little chance to escape. The dead and injured were entangled in a twisted mass of wreckage, making it difficult to remove bodies or rescue injured.

FOUR KILLED AT CROSSING

Another Injured When Freight Train Hits Auto.

Laporte, Ind., Oct. 20.—Four persons were killed and one probably fatally hurt near here when an automobile driven by Edwin W. Schurz, treasurer of a piano company, was struck by a Pere Marquette freight train. The accident happened in a dangerous grade crossing.

The dead: Mrs. Edwin W. Schurz, Mrs. Fannie P. Heinzel and Mrs. Carlton Schaefer of Laporte, Mrs. William Brubach of Washington, D. C.

The injured: Edwin W. Schurz of Laporte, who was driving the car.

At the place of the accident, eleven miles north of Laporte, the railroad and the highway are cut low to make the grade, leaving high embankments on both sides, making a view of the track impossible.

SULZER WILL MAKE RACE

Friends Say He Will Accept Progressive Nomination.

Albany, N. Y., Oct. 20.—Indications are that William Sulzer will make the race for assemblyman from the Sixth district, which is included in the congressional district he formerly represented. Friends said unless he changed his mind he would accept the Progressive nomination, which has been offered to him.

Sulzer's plan, according to his friends, now is to leave here for New York, where he will hold conference with Sixth district leaders. He is said to have reached this decision.

LOSS IS OVER \$1,000,000

Fire Sweeps Railway Terminals at East St. Louis, Ill.

St. Louis, Oct. 20.—The entire railroad terminals of East St. Louis, Ill., said to be the largest in the United States, were threatened with destruction by a fire of unknown origin. The loss will amount to more than \$1,000,000.

The greatest losses were the Advance Elevator company, \$650,000, and the Chicago and Alton Railway company, \$100,000.

At no time was the fire under control of the East St. Louis fire department. Even when the St. Louis department sent several companies across the bridge the men gave all their energies to saving adjoining property.

Chile Not to Take Part.

Santiago, Chile, Oct. 20.—The Chilean government definitely decided not to take part officially in the Panama-Pacific exposition at San Francisco, owing to the financial situation of the republic.

HENRY L. WILSON.

Bitterly Assails Bryan in Letter of Resignation.

WILSON FACES A DIFFICULT TASK

Passage of Money Bill to Require Great Effort.

Senate Majority Small.

Must Overcome Opposition of Republicans and Nearly Every Banker in Country—Measure Too Radical for Conservatives and Not Radical Enough for Progressive Element.

By ARTHUR W. DUNN.

Washington, Oct. 20.—[Special.]—It's a man's sized job which President Wilson has attempted—that of putting through a currency bill to which most of the bankers of the United States object. It means a contest in which many members of his own party of great influence oppose him and also where he does not get much support from the Republicans.

When Grover Cleveland put through the silver repeal he had more Republican than Democratic support, but the Republicans show no disposition to support the administration currency bill. It is too radical for the conservative Republicans and not radical enough in many particulars for the progressive element. With such a narrow Democratic majority in the senate Mr. Wilson will have to use "all he's got," as they say of a baseball pitcher, in order to pass the currency bill.

Bankers Never Agreed.

It may seem curious, but in all the years that efforts have been made to change our present hodge-podge currency laws the bankers have never agreed upon any measure. Even the Aldrich plan, which had the endorsement of the big banks, was opposed by the smaller banks, because they believed that it would swallow them or at least make them subservient to the big banks. The manner in which the banks are lining up against the pending currency bill is going to make it very hard to enact it into law.

Want to Legislate.

Several senators object to remaining in Washington, meeting on Monday, adjourning until Thursday and then adjourning again until Monday. Senator Cummins was caustic in his comments on such methods one day, and Senator Ainsworth called the system "pingpong," which is one of the best things the Arizona senator has said. "Let us take up the subjects of legislation," he said, "or have the nerve to adjourn."

These remarks show how restless senators have become under the system of long waiting.

"Something Rosy."

Senator Martine wanted to have something printed in the Record, and Senator Brandegee, who is in charge for the Republican side for a time, was trying to find out whether it was proper.

"It's about the tariff," said the New Jersey man.

"I simply wanted to know what it was about," said the Connecticut senator. "If it is rosy I would like to hear it."

"It's rosy; there's no doubt about that," replied Martine, who has a way of putting everything into the Record which shows that business is keeping up notwithstanding the new tariff.

The Man of Figures.

Just as everybody became well worked up over the world's series a man came to the capital from Ohio and showed that \$7,000,000 was being squandered in time wasted in those ball games. He was a statistician, and he computed time at \$2 per day for those who went to the games. He didn't include all those who stood around bulletin boards watching the scores. He may be here again with a bill to prevent the waste of time in baseball.

Easy Way Out.

It was a good thing for Henry Clay that President Wilson "derickled" him out of the Alabama senatorial contest. Clayton would have split the Underwood vote, and owing to the popularity of Underwood he would have fallen behind the author of the tariff bill. As he could not be a candidate for the senate and house at the same time he would have lost his place in the house. As it happens, he will be a mighty prominent figure from this time forward as leader of the administration forces in trust legislation.

Talked Agriculture.

One day when the house was not doing anything in particular, Congressman Steenerson of Minnesota asked permission to talk for half an hour.

"What about?" inquired Vic Murdoch, the Progressive leader.

"About agriculture," replied Steenerson, and he was allowed to go ahead.

Steenerson made a mighty good speech, too, and one which it would be well for members of congress to consider. He pointed out that, although it was sneered at and made the subject of jokes, the country life commission of President Roosevelt had accomplished a great deal.

He paid tribute to the genius of Roosevelt, who, he said, was the only man who had done really practical work in the way of helping the farmers along lines of home improvement on a large scale with government instruction and aid. Steenerson is author of a bill which, in a measure, carries out some of the recommendations of the Roosevelt commission.

Altitudinous.

The bill prohibits the carrying or sending of funds from one state to another, to be used in the election of president, vice president, presidential electors or congressmen.

SIR RUFUS ISAACS.

Succeeds Baron Alverstone as British Lord of Justice.

TAKES HAND IN PANKHURST CASE

WISCONSIN EDITOR IS DEAD

T. W. Haight Succumbs to Long Illness at Waukesha.

Waukesha, Wis., Oct. 20.—Theron Willer Haight, seventy-three years old, a well known attorney, teacher, editor, author, newspaper writer, essayist and a veteran of the Civil war died at his home after a protracted illness of heart trouble. Mr. Haight had been ill for about a year. At one time last summer his life was despaired of, but he rallied.

AUSTRIAN NOTE ULTIMATUM

Servia Given Eight Days to Evacuate Albanian Territory.

Washington, Oct. 20.—The Austrian note gives Servia eight days in which to evacuate Albanian territory. The note which Austria sent to Servia is looked upon in the light of an ultimatum and demands the complete evacuation of the points in Albania occupied by the Servian troops since the recent engagements between them and the Albanians.

LID ON DIRIGIBLE FLIGHTS

Belgium Also Probably Will Abandon Purchase of Balloons.

Brussels, Oct. 20.—Because of the disaster to the Zeppelin dirigible balloon the minister of war has countermanded all the proposed ascents of the military dirigibles, Zodiac and Belingue, for this year.

He has also decided to suspend and probably will abandon the intended purchase of new dirigibles of the German type.

The funeral of Miss Clara Rappel,
aged 17, was held from St. Francis
Catholic church at 9 o'clock this
morning, Rev. Father John Crean
officiating. She was 17 years old and the
daughter of Mr. and Mrs. George
Rappel. The girl had been sickly
all summer and the last four weeks
had taken to her bed. She was re-
moved to a hospital where she passed
away Friday afternoon at 5:30, a
tumor of the brain being the cause
of her demise. Many floral offerings
were given by her friends and relatives.

For Fire, Tornado, Life and Accident
Insurance, see J. H. Krekelberg,
room 15, First National Bank Building.—
Advt. 115-L

Garbage cans, different sizes, D.
M. Clark & Co. 75-L

At the regular meeting Saturday
afternoon Edwin Harris Bergl ap-
peared for the first time before the
Musical club. He was enthusiastically
received and responded to a
hearty encore. His second number,
"The Swan," by Saint-Saens was es-
pecially well interpreted. The mem-
bers of the Musical club are glad to
welcome Mr. Bergl to the city for he
will contribute much toward arousing
an interest in good music. Mrs.
Johnstone accompanied Mr. Bergl in
her usual pleasing manner.

The piano duet by Mesdames W. F.
Wieland and H. G. Ingersoll was much
applauded.

Mrs. W. C. Cobb reported the
meetings of the federation. The
chief topics reported were social
center work and dress reform. Re-
garding social center work Mrs. Cobb
told of the important uses to which
the public school buildings and the
library might be devoted. Those
buildings which are well equipped in
most cases for public meetings and
entertainments are closed in the even-
ings and at other times when they
might be used for the good of the
community. Mrs. Cobb urged an in-
terest in the use of these buildings
for the benefit of the young people of
the town.

Card of Thanks

We wish to thank our friends and
neighbors, the Catholic church so-
ciety, the Eagles lodge and others
for their sympathy and the flowers
they gave when our beloved daughter,
Clara, passed to her reward.

Mr. and Mrs. George Rappel.
Advt. 11 p

The healing demulcent qualities of
Foley's Honey and Tar Compound are
not duplicated in any other medicine
for coughs and colds. Any substitute
offered you is an inferior article. Re-
fuse to accept it for it can not pro-
duce the healing and soothing effect
of Foley's Honey and Tar Compound.
Insist upon the genuine, which con-
tains no opiates. H. P. Dunn.—Advt.

See Naples and Die.

The famous expression "See Naples
and die" is founded on a play on words.

The saying "All quiet on the Potomac"
is known only in the United States.

"See Naples and die" is international.
But it does not mean what it appears
to mean.

In the bay of Naples there is an island
called Morreal, which in Italian
means something connected with
death.

The original saying was, "See Naples
and Morreal," but in a spirit of levity
the English translated the saying, "See Naples and die." —Ed
W. Howe in "Travel Notes."

Can't Afford to Have Kidney Trouble

No man with a family to support
can afford to have kidney trouble, nor
need he fear it with such a remedy
at hand as Foley's Kidney Pills. An
honest medicine, safe and reliable,

costing but little but doing much
good, Foley Kidney Pills eliminate
backache and rheumatism, tone up
the system and restore normal action
of kidneys and bladder. H. P. Dunn.—

MUSICAL CLUB

Saturday Program Was in Charge of
Mrs. Irma Camp Hartley

At the regular meeting Saturday
afternoon Edwin Harris Bergh ap-
peared for the first time before the
Musical club. He was enthusiastically
received and responded to a
hearty encore. His second number,
"The Swan," by Saint-Saens was es-
pecially well interpreted. The mem-
bers of the Musical club are glad to
welcome Mr. Bergh to the city for he
will contribute much toward arous-
ing an interest in good music. Mrs.
Johnstone accompanied Mr. Bergh in
her usual pleasing manner.

The piano duet by Mesdames W. F.
Wieland and H. G. Ingersoll was much
applauded.

Mrs. W. C. Cobb reported the
meetings of the federation. The
chief topics reported on were social
center work and dress reform. Re-
garding social center work Mrs. Cobb
told of the important uses to which
the public school buildings and the
library might be devoted. Those
buildings which are well equipped in
most cases for public meetings and
entertainments are closed in the even-
ings and at other times when they
might be used for the good of the
community. Mrs. Cobb urged an in-
terest in the use of these buildings
for the benefit of the young people of
the town.

Card of Thanks

We wish to thank our friends and
neighbors, the Catholic church so-
ciety, the Eagles lodge and others
for their sympathy and the flowers
they gave when our beloved daughter,
Clara, passed to her reward.

Mr. and Mrs. George Rappel,
Advt. 1t p

The healing demulcent qualities of
Foley's Honey and Tar Compound are
not duplicated in any other medicine
for coughs and colds. Any substitute
offered you is an inferior article. Re-
fuse to accept it for it can not pro-
duce the healing and soothing effect
of Foley's Honey and Tar Compound.
Insist upon the genuine, which con-
tains no opiates. H. P. Dunn.—Advt.

"See Naples and Die."
The famous expression "See Naples
and die" is founded on a play on words.
The saying "All quiet on the Potomac"
is known only in the United States.
"See Naples and die" is international.
But it does not mean what it appears to
mean. In the bay of Naples there
is an island called Morreal, which in
Italian means something connected
with death. The original saying was,
"See Naples and Morreal," but in a
spirit of levity the English translated the
saying, "See Naples and die."—Ed
W. Howe in "Travel Notes."

Can't Afford to Have Kidney Trouble
No man with a family to support
can afford to have kidney trouble, nor
need he fear it with such a remedy
at hand as Foley's Kidney Pills. An
honest medicine, safe and reliable,
costing but little but doing much
good, Foley Kidney Pills eliminate
backache and rheumatism, tone up
the system and restore normal action
of kidneys and bladder. H. P. Dunn.—

THE BRAINERD DAILY DISPATCH

BRAINERD JOINS
IN BUSH WELCOME

"Bells Peal, Whistles Blow and Orators do Rhetorical Flops"
Says Bruce

GRAND PARADE IN AFTERNOON

Banquet at the Ransford in Evening,
Closing with a Dance at the Gardner Auditorium

"Monday Brainerd gives free reign to joy and exuberance," says Bruce of the Duluth Herald.

"Let the bells peal forth and the golden orator do couple of rhetorical flops. Let the whistles of the shops join the fanfare of welcome, adding to the diapason of the civic pride of the town—lo, brother citizens, 'Bullet Joe' Bush will make the prodigal son look like a bashful for endeavoring to wig wag the maid from the obscurity of the back fence, for his welcome will be the ebullience of some 15,000 throats ready to spring high vocal explosives. There are times when the pessimist who pangs fame as an empty object, is made to look like the green-eyed monster of excessive indigestive infirmities."

"Leslie Bush has earned the right to all this fulsome flattery. Brainerd has full right to be proud of the youth. When a kid only 19 years of age can go into a world's series and make one of the greatest teams in the country bow in meek defeat, he has accomplished something to earn the enthusiastic encomiums as profuse and lavish as lavender perfume on the village barber durin' sparkin' time; Les has earned it all, and we hope that the panegyric is one that will be worthy of the cause."

General supervision of the celebration is in the hands of D. A. Peterson and T. H. Considine, managers of the Brainerd baseball teams respectively for the seasons of 1912 and 1913. These two gentlemen have charge of all the arrangements and Bruce in tacking this glory on some one else has made a mistake of his own.

Messrs. Peterson and Considine have made the preparations and the fans, many of whom have boosted for Bush before he hit the big show, have been glad and willing to give what cooperation they could.

The banquet will be given at 8:30 at the Ransford hotel, covers being laid for 200. At the head of the table will be young Leslie Bush and the family.

At the close of the banquet a dance will be given at the Gardner auditorium.

TO INCREASE CIRCULATION

A. N. Jacobs, of Duluth, In Campaign for the Duluth News Tribune

A. N. Jacobs, of Duluth, having offices with Frank H. Grant, 613 Laurel street, is in charge of a circulation campaign for the Duluth News Tribune. Mr. Jacobs will conduct a vigorous campaign for increasing the subscription list of this paper which has done much to advertise Brainerd and make known the boundless resources of this section and the Cuyuna iron range.

NOTICE

Brainerd Lodge, No. 602, Brotherhood of American Yeomen, will hold their annual "Children's Festival" in their hall, Iron Exchange Building, on Tuesday, October 21. A fine program has been prepared, ice cream and cake will be served and the evening will finish with a dance. Doors will be open at 8 o'clock. Come, bring your friends and enjoy the evening with us.

LESLIE BUSH, THE GIANT KILLER

Two Thousand People Turned Out at Brainerd Depot to Welcome Joe Bullet Bush

With whistles and auto horns cheered him to the echo. Here is screaming a shrill welcome, with the sample yell:

We raised Bender,
We raised BUSH—
We should worry,
We're the whole push.

The committee, Messrs. D. A. Peterson and T. H. Considine, have done their work well and there should be big attendance at the banquet and dance this evening.

St. Paul and Minneapolis fans gave Bush a royal reception Sunday and entertained him. Notwithstanding all the glory and honor crowded on Bush, he's the same Leslie of old, with a warm feeling for Brainerd and its fans.

"When people turn out in a snow storm to meet a fellow," said Bush, "it shows they are enthusiastic and it makes me glad to think I am appreciated at home for what I have done with the Athletics."

ATHLETICS HOMECOMING

Victorious Philadelphia Team to be Banqueted by Mayor Blankenburg on October 28

Philadelphia will show its recognition of the great victory won by the Athletics when on Tuesday, October 28, Mayor Blankenburg, of that city, will give a banquet to the team.

Young Bush, in response to letters from his home and the local committee, left Philadelphia in order to be present at the Brainerd celebration and will return to Philadelphia to be a guest at the banquet there.

All along the parade route were cheering fans. Snow and wind did not prevent them from turning out.

The high school boys and girls

FREE TO ENTER
THE COUNTRY

Special to Dispatch:

Washington, October 20.—Mrs. Emmeline Pankhurst, militant suffragist is free to enter the United States. The Ellis Island board's order of deportation was reversed today after President Wilson had conferred on the case with Secretary Wilson and the hearing had been concluded before Immigration Commissioner Caminetto.

DEFEATS LITTLE FALLS

Brainerd High School is Victorious at Little Falls Saturday 12 to 0

Saturday afternoon the sturdy gridiron warriors of the Brainerd High journeyed to Little Falls, accompanied by forty-two rooters. A special car was attached to the train to carry the loyal supporters of the blue and white.

The game was played at the new fair grounds, and it was a battle to the finish. Capt. Longley, of Little Falls, won the toss and chose to receive the kick-off. Little Falls lost the ball on downs, being unable to gain around either end. Brainerd carried the ball to Little Falls' 40 yard line when the quarter ended.

In the second quarter Day went through the right side of the line for the first touchdown. The second quarter ended with the ball in Little Falls' possession, after they had taken a sudden brace and carried the ball down four successive times.

In the third quarter neither side seemed able to gain ground and much kicking was necessary. In this quarter neither side scored.

In the fourth quarter Brainerd, after several end runs, again crossed the goal when Day went through left tackle. In this quarter Little Falls made 60 yards on a kick-off but still were unable to score because of the consistent playing of the Brainerd squad. The quarters ended with the ball in Brainerd's possession on their own 40 yard line.

The line-up:

Hemstead	R. End	Brannen
Eckholm	R. Tackle	Frystad
Mahlum	R. Guard	Gordon
White	Center	Graham
Vaughn	L. Guard	Levine
Warner	L. Tackle	Levine
Molstad	L. End	Elvig
Koop	L. Half	Belanger
Orne	R. Half	Tometyl
Trent	Quarter	Meyers
Day, Capt.	Full	Longley, Capt.

NOTES

After the game a banquet was served by the L. F. High School girls at the high school building and every one present from Brainerd will long remember the feast. Occasions such as this are few in high school life and Little Falls' hospitality will not be forgotten by Brainerd. After the banquet, a dance was given and this further developed the good feeling between the two teams and students.

Individual plays during the game will not be discussed as the game was featured chiefly by strong team work on both sides. Every man played his hardest for his team to win, and Brainerd won because of their ability to play together.

Several times when Brainerd's team-work became "loose," they were inspired by the constant cheering of their loyal supporters on the sidelines, who journeyed with them to help the team defeat the down river rivals.

Fifty followers were there. Such loyalty is very rare; when the game, their sturdy warriors did win.

The town of Little Falls did ring with their hum and din.

There is no team that could not play,

and carry off the glories of the day;

Athena Underwear

For Women, Misses, and Children is Tailored to Fit Without Stretching

How many women would accept a tailored suit which depends for its fit, over the bust and the hips, upon the elasticity of its materials? Yet there are scores of brands of knit underwear which depend almost entirely upon the elasticity of the fabric for a semblance of shapeliness.

Athena Underwear on the contrary is cut to fit, tailored to fit, and actually and truthfully does fit without stretching.

The Patent-Fitted Seat—The most notable improvement ever made in underwear designing, being so shaped that it clings snugly to the figure in any posture.

The Three-Cornered Gusset—Relieves the strain at the thigh, giving greater comfort and longer wear.

The Perfected Shoulder Stay—Keeps the garment from stretching down over the shoulder and holds the sleeve in place.

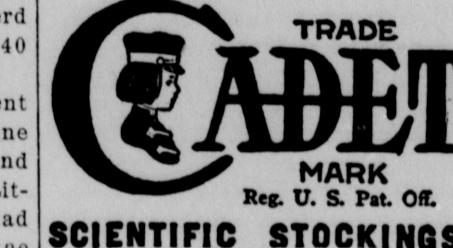

The Fitted Shoulder and Sleeve—Give the natural form to the bust and the proper tapering to the back.

The Extra Elastic Cuff—Holds the sleeve in place and keeps it from slipping up on the arm.

Shaping and Sizing—Giving Athena Garments the actual body lines and proportions, and affording sizes that will fit with tailored precision.

DEVELOPMENTS OF WEEK ON RANGE

Total Tonnage of Rogers-Brown Ore Co. Properties for Season to be 636,500 Tons

BARROWS SHIPPING STEADILY

Float Copper Ore Found on Cuyuna Range Addition—The Steel Trust Suit Testimony

The Rogers-Brown Ore Co. properties, the Armour No. 1, the Armour No. 2, at Crosby and Ironton and the Kennedy mine at Cuyuna, have shipped 621,500 tons and before the close of navigation 15,000 tons more will be shipped. This is over twice the output of last year. The contracts for next season's delivery will be made within a short time. Had the Armour No. 1 mine continued shipping the total shipments would have amounted close to 686,000 tons.

The Armour No. 2 is producing daily about 1,100 tons.

The Kennedy at Cuyuna also produces 1,100 tons daily.

The Inland Steel Co. Thompson mine is getting on a stripping basis.

The Pennington pit mine is shipping ore steadily.

The Cuyuna-Mille Lacs mine north of Ironton and the Cuyuna-Duluth at Ironton are shipping steadily. Shaft work is being pushed at the Duluth-Brainerd mine. The federal property of the Cuyuna-Duluth at Cuyuna is to have a shaft sunk on it, work to be commenced this month. All properties of the Locker-Donahue Co. are in most excellent shape.

The Rowe mine at Riverton is continuing its hydraulic work and has added a steam shovel to its equipment.

Coal tracks are being laid to the Adams mine at Oreland and a steam shovel is assisting in the grading. Indications point to some shipments before the ore season closes.

The Brainerd-Cuyuna Mining Co. mine on the south side of Brainerd is placing its boilers in position and the boiler plant soon to be completed will give the company the power to more readily sink its shaft.

The Barrows mine of the Virginia Ore Mining Co. is shipping steadily. The laund is nearly completed.

Out at the Cuyuna Range addition platted east of the Northern Pacific railway shops float copper ore has been found, causing some excitement. Samples of the ore are being shown about Brainerd.

Jamison & Peacock's five drills are operating on their holdings north of Crosby and showing up good ore.

J. J. O'Brien and associates of Superior who are interested in section 18, township 47, range 29, have placed a drill in section 34, township 47, range 29.

One of Franklin W. Merritt's companies is operating in section 27, township 47, range 29. The Harker Exploration Co. is working in section 22, township 47, range 29.

The Crow Wing Iron Co. has a drill in section 6, township 47, range 29. At the recent election of the company the following officers were elected: President, J. C. Campbell; vice president, John Long; treasurer, C. L. Dixon; secretary, Fred D. Vibert. Dr. W. G. Dolan, J. A. McDevitt and Louis McCullough, with the newly elected officers, are on the board of directors. Most of the men in the company are Cloquet people. Haley & Breen have drills in sections 32 and 34, township 47, range 29.

William C. White, of Deerwood, has two drills operating in section 16 in the village limits of Deerwood on the Morford place.

At the government suit brought for the dissolution of the steel trust, the witnesses from the Cuyuna range testified in general that the steel trust was not represented on the range. George H. Crosby, of Crosby; Carl Zapffe of Brainerd and Judge J. T. Hale of Deerwood were on the stand. Messrs. Crosby and Zapffe testified as to the tonnage. Judge Hale testified that the advent of the big steel company would not mean a detriment to the Cuyuna range. The big corporation would assist in its upbuilding, providing increased transportation facilities.

Mr. A. A. Clark and children have returned to Superior after a visit with her sister, Mrs. J. H. Dickinson.

Mrs. Culvert went to Motley to spend a few days with her mother, who is very feeble.

We were very sorry to lose Mr. Greenaway and wife from our community, but our loss is Brainerd's gain. We wish them all kinds of success.

Don't forget the dance Saturday night, Oct. 18 at Mr. Greenaway's hall. Charley will show you all a good time which he has often done before at the Nokay Lake hall.

The iron men seem to be very numerous through this section lately. Hope it may continue.

Balzac a Hypnotist.

That the great French novelist Balzac was not only a believer in personal magnetism," but himself an expert hypnotist, is affirmed by Count Apponyi in his "Journal."

Count Apponyi says that Balzac once related an instance of event reading at a distance which came under his notice. "I have believed in magnetism from that day," Balzac continued, "and have myself become a powerful magnetizer. Such is my force that few people can resist me. Almost every one who enters my house becomes hypnotized, and I can make them reveal their most secret thoughts." Balzac boasted that he could even hypnotize at a distance.

As showing the increase in royalties on the range the original lease of John Mattson to John D. Lamont of the northeast quarter of the northeast quarter of section 10, township 46, range 29 specified 10 cents a ton royalty and a minimum charge of 5,000 tons annually. Later the Guaranty Iron Co. acquired the lease and gives an option to the Mangan Iron & Steel Co. to drill and explore with the privilege of leasing at 4%

cents a ton and a minimum tonnage of 10,000 tons for each of the first year, second year and third year, 40,000 the fourth and 50,000 tons the fifth and every succeeding year for the balance of the 50 year term.

The new ore dock of the Northern Pacific railway constructed at Superior is interesting from the fact that there is no timber in the dock proper, except the walks and pocket flooring. The following descriptive data shows the immensity of the structure:

Dock is of steel and concrete construction, length of dock proper 684 feet, length of steel approach 300 feet, length of timber approach 4,200 feet. Steel used in dock proper 3,440 tons, steel used in approach 740 tons. Concrete used in substructure 13,500 cubic yards. Concrete used in bins 3,400 cubic yards. There are 102 pockets in the dock. The capacity of the dock is 35,700 tons. The bins have circular fronts. The dock is equipped with electric operated hoists and Dickerson pocket doors.

C. E. Polk, of Pittsburg, and one of the co-owners of the Barrows mine, visited Brainerd this week and also inspected the mining being done at the Barrows mine.

J. H. Cooke, the Northern Pacific railway ore dock agent, was on the south range this week, visiting at Brainerd, Barrows and other points.

The Cuyuna Iron & Townsite Co. is drilling at Oreland. Pat Hines is one of the members of this company.

At the Rowe mine at Riverton, the Pittsburgh Steel Ore Co. has two engines and a steam shovel preparatory to doing stripping. Another engine and a shovel are on the way. An open winter will enable them to do much stripping, when the hydraulic plant is unable to operate.

E. J. W. Donahue was on the range this week inspecting the numerous properties and interests of the Locker-Donahue Co. W. H. Locker has recently returned from a trip to Pittsburgh and Philadelphia and reports the general situation in the iron and steel trade as being very satisfactory. The furnace plants of the United States Steel corporation in the Pittsburgh district are running practically capacity. He thinks that ore prices of next season will not be materially different from those prevailing now. Mr. Locker mentioned receiving an offer in the east to take the entire output of the Duluth-Brainerd Iron Co., which has struck a fine deposit of manganese ore.

At the Iron Mountain Mining Co. mine the shaft is down ninety feet and the average amount of ore hoisted daily is about forty to fifty tons. Rails are being laid to the mine by the Soo. It is believed that trial shipments of ore can be made before the season closes.

Adenoids are a Menace to Children

Adenoids result from a succession of colds in babies and young children. They spoil the mental and physical life of a child. The condition that causes them may easily be avoided by careful parents. Quickly and thoroughly cure all colds and throat irritations by the use of Foley's Honey and Tar Compound, and adenoids will not develop. H. P. Dunn.—Advt. mwf

NOKAY LAKE NEWS

Threshing is progressing finely in this neighborhood nowadays, and wheat and oats are fine crops averaging from 40 to 55 bushels to the acre. Who says that Crow Wing county is a back number?

Mr. Joe Edwards has a force of men digging potatoes this week. He says he will get a fine crop.

Miss Edna Edwards is helping Mrs. Aspholm these days. We miss her very much around the lake.

We were very glad that today, the 15th, is a fine day, as one of our Nokay Lake young men will take up himself a bride, who is a Dykeman young lady. Good for Fred. We will all wish him and his lady a most prosperous life. Go boys and do likewise.

Mrs. A. A. Clark and children have returned to Superior after a visit with her sister, Mrs. J. H. Dickinson.

Mrs. Culvert went to Motley to spend a few days with her mother, who is very feeble.

We were very sorry to lose Mr. Greenaway and wife from our community, but our loss is Brainerd's gain. We wish them all kinds of success.

Don't forget the dance Saturday night, Oct. 18 at Mr. Greenaway's hall. Charley will show you all a good time which he has often done before at the Nokay Lake hall.

The iron men seem to be very numerous through this section lately. Hope it may continue.

IRONTON SELLS VILLAGE BONDS

Waterworks and Sewer Improvements are Now Made Possible in the Town

INFELT NOT HURT BADLY

P. D. Kreitter Building Garage—

Riverton Votes on Incorporation in Oct. 30

Ironton, Minn., Oct. 17—P. D. Kreitter is building a garage and barn at his Crosby Beach place.

Attorney D. B. McAlpine is one of the first board of directors of the Central Film Co., recently organized by Crosby and Hibbing men.

C. B. Rowley has been at the Canadian border looking up timber lands.

Fryklund & Co. have opened a jewelry store in the Pitt building, recently built by W. S. Pitt on Ironton street.

Mr. and Mrs. P. D. Kreitter and little son are visiting Mr. and Mrs. Kreitter and Mr. and Mrs. John H. Hill, of Duluth.

Dr. and Mrs. J. E. McCoy entertained at dinner, covers being laid for ten.

Frank Day and family of Brainerd are new residents of Ironton.

Ironton's waterworks and sewer bonds have been bought by Prindle & Co., of Duluth, and these very necessary improvements can now be made.

The P. J. Long theatre building is a handsome structure. The moving picture show is operating and a fine performance is being given.

William Infelt, who fell 75 or more feet down the Cuyuna-Mille Lacs shaft while gathering ore samples, sustained nothing more than a severe shaking up and a bruised heel. He suffered no internal injuries. On his way down the shaft was clutched at the ladder and this served to keep him in an upright position.

Riverton will on October 30 vote on the question of incorporation. The village limits take in all of section 17, the north half of section 19, and the west half of the northwest quarter of section 20.

Facing a Serious Proposition

The man or woman who has kidney trouble is facing a serious proposition, where grave complications readily follow neglect. Foley Kidney Pills are an honest curative medicine that once taken into your system mean restored kidney and bladder action, and a return of health and strength.

Ironton's waterworks and sewer bonds have been bought by Prindle & Co., of Duluth, and these very necessary improvements can now be made.

The P. J. Long theatre building is a handsome structure. The moving picture show is operating and a fine performance is being given.

William Infelt, who fell 75 or more feet down the Cuyuna-Mille Lacs shaft while gathering ore samples, sustained nothing more than a severe shaking up and a bruised heel. He suffered no internal injuries. On his way down the shaft was clutched at the ladder and this served to keep him in an upright position.

Riverton will on October 30 vote on the question of incorporation. The village limits take in all of section 17, the north half of section 19, and the west half of the northwest quarter of section 20.

Facing a Serious Proposition

The man or woman who has kidney trouble is facing a serious proposition, where grave complications readily follow neglect. Foley Kidney Pills are an honest curative medicine that once taken into your system mean restored kidney and bladder action, and a return of health and strength. H. P. Dunn.—Advt. mwf

The children of school district No. 3 have organized a good-citizens club and on Oct. 24 Mr. Gaffey, county agricultural agent, will be at the school in the afternoon to help them.

Mrs. T. Peterson and daughter of Storden, Cottonwood county, have been visiting Mrs. Peterson's parents and brother, Mr. and Mrs. Morgan Madsen and Peder Madsen.

We were very glad that today, the 15th, is a fine day, as one of our Nokay Lake young men will take unto himself a bride, who is a Dykenman young lady. Good for Fred. We will all wish him and his lady a most prosperous life. Go boys and do likewise.

Hazel Juline entertained the sewing society last Friday evening.

The L. S. club met at Mrs. J. W. Anderson's last Thursday.

A report comes from Deerwood of a man by the name of Chas. Oberg who had a piece of oats that yielded 100 bushels to the acre. That is the best I have heard as yet.

Mrs. A. A. Clark and children have returned to Superior after a visit with her sister, Mrs. J. H. Dickinson.

Mrs. Culvert went to Motley to spend a few days with her mother, who is very feeble.

We were very sorry to lose Mr. Greenaway and wife from our community, but our loss is Brainerd's gain. We wish them all kinds of success.

Don't forget the dance Saturday night, Oct. 18 at Mr. Greenaway's hall. Charley will show you all a good time which he has often done before at the Nokay Lake hall.
